The executive branch of the federal government ensures that the laws of the United States are obeyed. In carrying out this duty, the President of the United States is assisted by the Vice President, department heads - called Cabinet Secretaries - and the heads of the several independent agencies.

Introduction to the Structure of U.S. Government

The Executive Branch of government is headed by the President of the United States. He also acts as the head of state in diplomatic relations and as Commander-in-Chief for all U.S. branches of the armed forces. The President is responsible for implementing and enforcing the laws written by Congress.

The Basic Structure of the U.S. Federal Government

The U.S. Constitution is dividing the federal government into 3 (three) branches: The legislative branch is formed by the U.S. Congress. It is making our nation's laws. The executive branch is headed by the U.S. President and carries out the nation's laws. The judicial branch is there to settle disagreements about the nation's laws.

How The United States Government Works-Video Lesson with ...

The United States government is based on the principles of federalism and republicanism, in which power is shared between the federal government and state governments. The interpretation and execution of these principles, including what powers the federal government should have and how those powers can be exercised, have been debated ever since the adoption of the Constitution.
